To Whom It May Concern:

As a professional choreographer I feel that I could help your organization accomplish the goals you have set. I understand the concept of putting vocals with moves and making the staging work for your groups needs. For the past three years I have had the opportunity to work with my current high school and not only stage their show choir but stage the entire choir's Dinner Theatre. This includes all 150 members of the choir program. I also have had the opportunity to work on several musicals in my area. Currently I am working on Grease for a Teen Actors group.

I feel strongly that I can help your group reach its goals because I am not only a choreographer but I can motivate the group with my positive attitude. When in show choir myself I loved working with people that had high energy and know from this know how important high energy is while working with a group.

I look forward with talking in more detail with you and maybe getting to work with your group. If you should have any questions please feel free to call me at (586) 850-2453 or email me at dancincarl83@aol.com.

Sincerely,

Carl Gordon Vanidour
Enc.
