OBJECTIVE:

I am currently seeking a position as a high school or middle school show choir choreographer. My goal is to give each of my choirs award winning and unique choreography.

QUALIFICATIONS:

I am a very enthusiastic and sensible person. I enjoy working with diverse groups of people and help them out wherever and however possible. As a very organized individual I like to get the job done in a timely manner. I have grown and learned the show choir aspects in my 10 years of performing. Along with show choir I have been involved in areas of tech crew, combo (trumpet), and assisting in choreography. My choreography is showchoir based; I try to do the best in incorporating choreography so the vocals are not taken away from.
